IMPLEMENTATION CHECKLIST

Phase 1 -- AI Front Desk (Week 1-2)

- Set up ManyChat account, connect FB page + IG + website widget
- Build lead qualification flow: buyer/seller, PCS status, RNLT date, orders timeline
- Configure approval flow: every message goes to Diana via text before sending
- Train tone: friendly, warm, imperfect, never say 'no'
- Test with 5-10 simulated leads, then go live

Phase 2 -- Follow-Up System (Week 3-4)

- Create Follow Up Boss account, import any existing lead data
- Set up alfred_ on dianadominguezre@yahoo.com for inbox triage
- Build intake questionnaires: buyer (home type, timeframe, PCS/RNLT) + seller (payoff, orders timeline)
- Create follow-up sequences: new lead, showing follow-up, post-close, cold lead

Phase 3 -- Social & Nurture (Week 5-6)

- Set up RealEstateContent.ai with pcsingtolittlerock branding on all platforms
- Connect Follow Up Boss to ShowingTime for showing scheduling and feedback collection
- Create Homebot account, import past client list
- Set up monthly market update emails and testimonial request after closing

Phase Notes

- Calendar: Add Google Calendar for business. Keep Cozi for family. Migrate business events.
- Email: Yahoo/iCloud stays. Set up forwarding to assistant@raindesignlabs.net for triage. Solid leads forwarded back to Diana via text.
- ShowingTime: Keep as-is. Connect to Follow Up Boss for auto-logging.
- Form Simplicity: Keep as-is. Link to CRM so transactions created from deals automatically.
